HOMESTEAD 82sqm: This spacious home is crafted with flexibility at its heart. Its clever layout allows you to adapt and customise the design to suit the way you live. Need extra storage? Dreaming of a dedicated home office? Simply reconfigure the bathroom space to create the solution that works best for you. You also have the option to stage your build. Start with one section now and add the balance later with a simple clip-on connection. It's a smart way to grow your investment at your own pace, without compromise. This is a home that encourages you to think outside the square and create a living environment that truly reflects your lifestyle. Please refer to the specifications sheet for details of our standard inclusions.
